UAE ELIGIBILITY

DHA & MOH eligible · General Dentistry

PROFILE

Orthodontist · 12+ years of clinical dentistry experience

Results-driven orthodontist with 12+ years of clinical experience across orthodontics, general, paediatric and community dentistry settings in the Gulf region. Irish board certified, having completed an advanced three-year orthodontic fellowship at Ajman University, placing second in the FFD RCSI (Orth) examination. Proven expertise in managing malocclusions of all types, ranging from simple to complex, including but not limited to cleft lip and palate, hypodontia, and impactions, using fixed appliances, clear aligners (Invisalign, EON) and functional appliances. Fluent in five languages, supporting seamless care across multicultural patient bases.

ORTHODONTIC PRACTICE

Orthodontic training and clinical record

SEP 2023 – JUN 2026

Clinical Orthodontics – Specialist Residency

Department of Orthodontics, Ajman University

- Diagnosed and treated 65+ malocclusion cases across Class I, II and III – crowding, spacing, impactions and hypodontia.
- Fixed appliances, clear aligners (Invisalign, EON) and functional appliances, including Ballard plates for Class III and Powerscope/Power BAR for Class II correction, across a mixed extraction and non-extraction caseload.
- TAD placement and digital workflows on iTero scanning, with CBCT interpretation for diagnosis and monitoring, and fixed/removable retainers fabricated for post-treatment stability.
- Multidisciplinary planning with other specialists on complex cases.
- Clinical records maintained on Dok32.

SEP 2024 – JAN 2026

Orthodontic Support & General Dentistry

Ajman University Dental Clinic · part-time, concurrent with residency

- Restorations, extractions and scaling to prepare patients for orthodontic treatment.
- Monitored post-treatment patients and managed broken or damaged retainers.
